Why is it important to read current affairs?

Current Affairs refer to the events of national and international importance relevant from competitive exams perspective like Civil Services Exam, Bank exam, etc. With the change in the pattern of examinations, questions related to current events and news have assumed a major role in deciding the fate of students.

Broadly, the type of questions asked in the general awareness section can be divided into two:

- Static
- Dynamic

The static portion pertains to that section of the UPSC syllabus (<https://byjus.com/ias/upsc-syllabus/>) or other exams syllabus that doesn't change. For instance, the Revolt of 1857, the physical features of India, etc.

The dynamic portion pertains to current affairs. The best bet to cover current affairs is the daily newspaper and following credible sources like Press Information Bureau (PIB) and Yojana Magazine.

A good understanding of Current Affairs is central to success in the IAS exam, Government exams (<https://byjus.com/govt-exams/>), or any competitive exam. The current affairs span subjects like history, geography, economy, environment and ecology, polity, science and technology etc.

Candidates should remain updated on current affairs that create headlines nationally as well as internationally. In fact, recent trends have shown that the static and dynamic portions of current affairs syllabus have significant overlap. The probability of encountering unexpected questions from current affairs in the traditionally static portions of the syllabus is quite high.

Aspirants can also get the list of important Topics for IAS Daily Current Affairs 2021 (<https://byjus.com/ias-questions/what-are-the-current-affairs-topics-for-2021/>) at the linked article.

How to make notes on current affairs?

Aspirants can learn how to make current affairs notes by following three examples recently seen in the news:

1. The recent issue of Codes on Wages Bill (<https://byjus.com/free-ias-prep/code-on-wages-bill-2019/>) is important from competitive exams' perspective. For making better notes on the issue, know about:
 - The **origin** of the bill
 - The **purpose** of the bill
 - The **impact** of the bill on the Republic of India
 - **Debates** for and against the bill should be studied by the aspirants as that can help in writing critical answers during UPSC Mains.
2. Group of Seven or G7 (<https://byjus.com/free-ias-prep/g7/>) 47th Summit was recently held. You should know:
 - **Context** – In June 2021, the G7 nations attended 47th summit of the grouping.
 - **Nature** – It is a first physical summit held in two years.
 - **Related** – Carbis Bay Declaration (<https://byjus.com/current-affairs/g7-carbis-bay-declaration/>)
 - For UPSC exam, align with UPSC Mains GS 2 **syllabus**
3. Another issue in the news has been Global Minimum Corporate Tax (GMCT). For notes, you need to include:
 - **Context** – The Finance Ministers of G7 nations during the 47th G7 summit reached the landmark accord of setting up Global Minimum Corporate Tax Rate (GMCTR), which would close cross-border tax loopholes used by some multinational companies.
 - Align it with UPSC prelims **syllabus**
 - For the above, you can refer to our detailed notes on Global Minimum Corporate Tax (<https://byjus.com/free-ias-prep/global-minimum-corporate-tax/>).
4. Indian Economy for UPSC, Bank exam (<https://byjus.com/bank-exam/>), SSC and other Government exam is an important subject. The relevance of Economy in terms of UPSC current affairs is there in both IAS Prelims and IAS Mains. Recently, Union Budget 2021-22 (<https://byjus.com/free-ias-prep/union-budget-2021/>) has been in the news.
